Speaker Introduction :

Zoe Armstrong / Executive Director, Clinical Research, MSD Australia & New Zealand

Zoe began her career in the pharmaceutical industry 22 years ago at MSD. She started in clinical operations as a CTC then CRA, moving through various functional roles including, project mgt and line mgt for 10 years. In 2009 Zoe assumed the role of research director for Australia and NZ and supported the clinical operations team through the subsequent merger with Schering Plough and the combination of Aus and NZ into one cluster ANZ. For the last 11 years Zoe has led research operations as CRD across ANZ. From 2013-2015, Zoe also lead the ASEAN cluster where she assumed responsibilities for countries across South East Asia in addition to ANZ. Now she manages a broad team of 140 people across ANZ and offers unique insight into the opportunities and challenges with leading clinical trials across countries and diverse cultures. Zoe holds a BSc (Biotechnology) from the University of Technology Sydney.
